Step 3: Once she has submitted the site for approval, you will receive an email that your Girl Scout's site needs approving.

Step 4: When you click the green button in the email, you will login and be sent to your Girl Scout's site preview.

From there you can review it and either "Approve and Publish" to have her site go live, or click the "Edit' button to make changes.

If you make changes, when they are complete, click "Approve and Publish". Make sure to let your Girl Scout know you made changes.

Step 5: The girl will receive an email confirmation that her parent has approved her site. Now she is ready to send marketing email to customers once the council's digital cookie sale is open.
