

Girl Scouts of Virginia Skyline Council
Horseback Riding Stables Approved List

Horseback riding is a very popular activity. To protect girls and ensure stables meet the *Safety-Wise* requirements the council has set up a system to visit and approve stables. Stables owned and operated by other Girl Scout Councils are automatically approved for use. Stables approved by other Girl Scout Councils may be used upon receipt of written verification from that council of their approval.

Stables can be added to the approved list at any time. If you know of a stable that would be interested in being added to the list, contact your service area manager. Call your service unit manager or service area manager for the most up to date list or see the council Web site:
