

[Click here to complete the 2732 Silver Award Project Proposal Form.](#)

APPLICATION PROCESS:

- 1) FOR GROUP PROJECTS: Only one team member needs to submit this on behalf of the group.
- 2) After completing community mapping and identifying root cause of the issue problem in your community you (and your team) wish to solve, please submit your Silver Award Project idea.
- 3) Council will review and reply with either approval and/or feedback to ensure your project meets the Take Action and sustainability criteria.

Remember, community service-type projects like weeding gardens, or painting and beautifying buildings do not qualify as standalone Silver Award Take Action projects. Similarly, one time make and donate events do not qualify, like coat-drives, food-drives, dances, etc., UNLESS the event and project activities are ensured to continue year over year by a community partner (organization, group), with supporting materials so that the program can be easily recreated.

FORM INSTRUCTIONS:

1. Must complete form in one sitting; may not save and return.
2. May not edit submission.
