The cookies are here! The cookies are here! It's that time again for the great American Girl Scout Cookie Program! Girls are selling those yummy cookies from now until March 31. Buying Girl Scout Cookies is more than just handing over \$5.00 for a box. It's about the skills and learning a girl gains from interacting directly with you. It's about the experience of running her own cookie business and working with others. Your purchase means you get tasty cookies—and a girl learns a lifetime of skills!
