How can I complete this form?

This is an online Wufoo form. There is not a paper copy of this form. The instructions for completing the form are:

- 1) The first section is information about the organizer of the event. This will be the program departments point of contact.
- 2) Information about the event. This is general information about the event so the program staff can be sure that the Mobile STEM Center is available and that we can begin to prepare for the usage.
- 3) The last two steps are to provide any additional information you would like the program department to know regarding the event and to provide your availability to meet with the program department. A meeting is required to plan the usage of the Mobile STEM Center with the program team.

Congratulations! You have completed the Mobile STEM Center request. A program staff member will be in touch within two weeks with further details and meeting arrangements.
