

Sunshine Letter Boxing Trail

These letterboxes are setup to do in sequential order. Depending upon your group, finding all 8 boxes will take about an hour. The total letterboxing trip is about 1 mile. After finding a letterbox, make sure the lid of the container is snapped tightly and re-hide it as well as you originally found it.

Bronze Award 2021

Letter Box Clues	Stamps
<p>#1 To start, go across parking lot, to the beginning of access road, on right go to woods and Dark Hollow Trail #3. Walk up steps, enjoy ferns on your right, past the trees with toes and across second bridge. On the right do you see a large tree stump? Do you see rocks on top? Two rocks may guard a surprise.</p>	
<p>#2 Continue up the trail-Are you tired? Don't you like our cabinettes? The one the color of summer leaves might contain something fun. Remember you can't go inside but all good trees start with a strong foundation!</p>	
<p>#3 Walk back to the post #5, turn to follow Loop Trail to your right towards the No Motor Vehicles sign. Keep walking as you head down the hill. The pines whispered to the trees to "timber" the twins listened now their stumps hide a secret.</p>	

<p>#4 As you come to the bottom of the hill you can hear our creek. The sign post #6 is on your right. Before turning left check out our last trail blaze on this part of the trail.</p>	
<p>#5 Continue on the Loop Trail. Walking next to the creek-turn up toward the hill. Look for a tree whose roots are very exposed. It holds another secret.</p>	
<p>#6 After you past the neighbor's house the trail opens up some. Just past this there is a patch of thin evergreens, you will find our treasure close by.</p>	
<p>#7 Continue up the trail-bear left in the field -the Electric Power has not just energy for light but the secret for you to find.</p>	
<p>#8 Continue down Loop Trail toward Dark Hollow Unit-past the short evergreen trees. Find the split trees for a great surprise.</p>	

Congratulations you are done. You may continue back down the Dark Hollow Trail back to the parking lot or take the gravel road past the Archery Range and to the parking lot.
