

# What Are The Payment Processing Fees On Rallyhood?

There are credit card processing fees when selling tickets, collecting dues, etc, which are outlined below:

***Fee Structure: Total: 5.8% + .30 per transaction:***

- *Stripe: 2.9% + \$.30*
- *Platform fee: 2.9% (covers payment management and oversight tools and tech support)*

If we do a fee comparison for a \$10 ticket price the fee breakdown between Rallyhood vs. Cheddar Up vs. Eventbrite, would be as follows:

- **Rallyhood:**  $\$0.58 + \$0.30 = \$0.88$  (total fees / per ticket)
- **Cheddar Up:**  $\$0.35 + \$0.059 = \$0.409$  (total fees / per ticket)
- **Eventbrite:**  $\$0.45 + \$0.79 = \$1.24$  (total fees / per ticket)

During the ticket creation process, the organizer also has the ability to select whether the fees are to be added to the ticket price or absorbed by Council.
